Deadline for registration is June 6, 2002

Visit www.froebelfoundation.org/workshop
for current information.

The workshop will explain the essence of Friedrich Froebel's kindergarten method and provide hands-on training. Participants will observe experienced Froebel kindergarten teachers interacting with children. Attendees will play with the materials and take part in discussion groups.

Demonstrations and training sessions on Froebel Gift play will be conducted by several current & former teachers from the Ontario Froebel School. Workshops on other aspects of Froebel's method, including the Occupations, movement games and gardening will be presented each day.

The sessions are aimed at a diverse group of attendees, including university educators, teachers, homeschoolers, historians and artists. Please inquire about university continuing education credits.

The workshop schedule will allow time to enjoy the best of West Michigan, including some of our Lake Michigan beaches, restaurants and museums. The Froebel Gifts exhibit at the Grand Rapids Art Museum will be open and we will be sharing our plans for a new Froebel school here in Michigan.

We are pleased to offer special conference rates at several area hotels. **Conference registrants will receive a packet with directions to the workshop and information on hotels.** Coursepack/handouts will be provided. Childcare will be available.

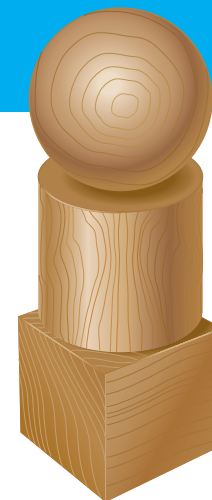

We are expecting active Froebelians in North America to attend, so it will be a great opportunity to get to know everyone.

Please register before June 6, 2002.
